

SANDERSON FIELD R.C. NEWS

Public Fly-In June 12th
Pylon Race June 26th & 27th

CHARTER NO. 3079

CLUB MEETING

This months meeting will be held on Thursday June 10th from 7:00 p.m. Doors open shortly after 6:00 pm.

at PUD #3

At 3rd & Cota

Minutes read and accepted as read.
Treasurers report read and accepted as read.

Old business:

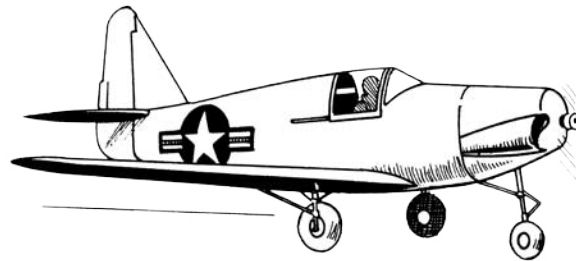

Dick Robb noted that Sharon Diaz called and asked us to pick a day memorial weekend to put the float together. Dick offered to pull the float with his van and put our banners on the sides. We decided Saturday the 29th at 10:00 am would be good. Dick also noted we need lots of airplanes so we can pick and choose to fill empty spots. The secretary needs to send an e-mail letting everyone know and asking for lots of aircraft.

Bob Beatty brought up the flyer to be passed out during the parade which brought up the question of a public day. The only day available is the 12th of June when we already have a fly-in scheduled. We need some people to

bring trainers. The question of food at the public fly-in was tabled.

Chuck offered to check into a heavy roller to roll the Hunter farms field.

Eric talked to Tera Rebo at the Port about her e-mail stating that future scheduling would be single use only, it was decided we could continue as before,

flying when DOL, the bus drivers and State Patrol were up there providing we okay it with them before flying. Eric brought up the possibility of talking to the Port about all the weekend days being scheduled and possibly getting a decrease in our rate. Dick Robb noted that the Bremerton club lost their field by doing the same thing and to be careful how approach the subject with the Port. Royce Tivel suggested we might ask for a moratorium on increases in lease fee's.

Bob Andrew asked about a port-a-pot at Hunters. He was asked to check with Hunters.

New Business:

Bob Beatty asked if we were going to have food at the May 15th fly-in. We decided not to.

Dick Robb noted the LCRC swap meet in the 19th of June from 10 to 2 at the Toledo High School and also there is one at Merymoor park in Redmond on the 27th if June from 9 to 3.

Hunters will be putting the fishing lock on in June. We are now required to use their lock which uses special keys. We will have 20 keys made. If you want one they are \$3.50 unless they have gone up.

Bob Andrew asked Eric to make up more signs asking the campers to stay off our runway, he agreed to make them.

Adjourned at 7:40

About the Calendar on the last page.

TEXT in red = no fly days
Weekend days have the whole box in red but if there is no text there are no restrictions.

Electric Pylon Racing

By Royce Tivel

Electric-Power for Radio-Controlled(RC)Pylon Racing

A new class of radio-controlled aircraft is now available to provide pilots with a relatively inexpensive--and quiet--entry into the excitement of pylon racing. The class will serve as a great "beginner's" plane for new pylon pilots--as well as being just plain fun to fly by experienced pilots, too.

The new class is designated by the National Miniature Pylon Racing Association (NMPRA) as Electric Formula One (EF1). NMPRA defines the event for these new aircraft this way:

"NMPRA Electric Formula One (EF1) is a racing event for radio control airplanes powered by electric motors. The event is intended to be easy to get into, available

DUES ARE \$100.

IF YOU PAY BY MAIL SEND YOUR DUES, YOUR OLD KEY, PROOF OF 2009 AMA MEMBERSHIP AND A SELF ADDRESSED STAMPED ENVELOPE TO THE TREASURER:

Olympia WA 98502**

Make checks payable to SFRCF

everywhere, reasonably priced and using off-the-shelf components to create the maximum amount of fun."

On May 15, 2010, Dan Nalley, an experienced pylon competitor, brought one of the first models of the EF1 class to a fly-in at Sanderson Field, Shelton, Washington, home of the Sanderson Field RC Flyers (SFRCF). Dan is both an SFRCF club member and a member of the Pylon Racers of Puget Sound (PROPS).

Dan explained the details of the aircraft design and the general rules under which they would be flown. In addition, Dan flew the EF1.

Even though the plane was slower than the faster, gas driven racers, its speed (around 110mph), coupled with the possibility of using the "Three-Pylon Short Race Course" defined by the event rules, means that the event should be very exciting for both pilots and spectators.

E-flite has announced a commercial EF1 version called the LR-1A Pogo. E-flite has developed one power system for sports flyers and another for pylon racers.

SuperT Radio Control Products offers short kits and parts for the Little Tony and TomCat EF1.

**Please set aside
June 26 & 27 to
help with the two
day Pylon race.
We need course
workers and food
vendors**

May Fly-In

We had pretty good weather in the morning and a fair turn out for the May 15th fly-in.

April Swap Meet

The 16th Annual swap meet went off with out a hitch although it was smaller than usual. Lots of good stuff exchanged hands.

May 4th

The Sanderson Field RC Flyers recently awarded a \$500 scholarship to Matija Majnaric, a 2010 graduate of Shelton High School. Mat is the son of Stanislau and Verica Majnaric of Shelton. Mat's career goal is to become a professional pilot and he plans to receive his aviation pre-requisites at Olympic College, Bremerton and then on to more advanced courses achieving an applied science degree in aviation.

CLUB OFFICERS

- President Eric Oberg (360)789-6011
- Vice President Burt Daggett (360)427-6653
- Treasurer Charles Kentfield (360)866-9473
- Secretary Bob Beatty (360)426-5601
- Safety Officer John Tupper (360)426-6383

BOARD MEMBERS

- Board Member Eric Oberg (360)789-6011
- Board Member Jody Diaz (360)427-6102
- Board Member Stacy Myers (360)426-9367
- Board Member Bob Beatty (360)426-5601
- Board Member Burt Daggett (360)427-6653
- Alt Board Member Bob Mason (360)426-9256
- Alt Board Member Chuck Kentfield (360)866-9473
