Scale fly-in pictures

Unfortunately Bob Andrew's giant scale Spacewalker had mechanical problems and didn't survive the day.

Gordon Osberg brought a nice collection of Scale planes.

Darryl Casad brought a nice PT-17 Stearman

This 60 size T-28 ARF from Black Horse Models (available through Hobby People) brought by John Bowcutt is a very nice model. Better yet you can get it for \$149 right now. It's nicely covered with Ora-cover with and the tandem pilots are factory installed.

There are only 3 no fly days this month (so far, check the web site before you leave home!) The 9th and 10th and the 17th.

Just a reminder to you Turbine folks that the burn ban is on so no Turbines at Sanderson field until it's lifted.

There is now a port-a-potty at Hunter farms for our use.

Pylon race - September 6th & 7th

We are looking for volunteers to help us sponsor this two-day race!
 If you would like to help out please let me know. We may need people to man the course and I'll be coordinating.

I also need some help, as we are serving food to raise money for the club. This is a good chance to offset some increases in our expenses. We'll be serving breakfast (possibly donuts, muffins and hot drinks) and lunch (hot dogs, hamburgers, chile, etc. And cold drinks).

If you can spare some time, I'd appreciate the assistance, you'll get to see some exciting racing. There will be contestants from all over the country!
