5TH ANNUAL R/C SOUTHSOUND SWAP MEET

Hi, Everyone,

The 2017 RC South Sound Swap Meet is nearly here-- just less than a month to go. There are only a handful of table available. You can either purchase tables online or with a mail-in form available at rcsouthsound.com. We look forward to seeing former table holders again and to welcoming new table holders this year. Please visit http://www.rcsouthsound.com for the latest event information.

We will be offering Winter Build Challenge (WBC) stickers to place on items for sale that pertain to building. Stickers will be available Friday, Nov 3rd.

For more information and directions visit www.rcsouthsound.com

There are three table types offered this year:

Wall Tables, \$40 — **SOLD OUT** (Email rsrobb@msn.com to be placed on the waiting list.)

Regular Floor Tables, \$20 -- and

Special Floor Tables -- **SOLD OUT!!** available, \$30 — more room behind tables.

Note: when you select your table type online, your cart will appear below the buttons. So, if you don't see your cart, scroll down.

When you have completed your payment, you will receive confirmations of your order from both RCSouth Sound and PayPal.

Although we use PayPal as our payment processor, you do not have to have a PayPal account: you will be able to pay with either a debit or credit card, if you wish.

Special thanks to Bill Judge for donating the Sig Cap 232. The Cap 232 as well as several other raffle prizes will be available at the Swap Meet.

DAWN PATROL AND GOLDEN AGE FLY IN

The Dawn Patrol was a great success. So great, that we are doing it again November 12th, 2017. The location is Hunter Farms weather permitting. Paul Fleming will be Contest Director again, and the event is sanctioned.

Dick Robb and Cameron Diaz have collaborated to make a collective coin for the event.

The grass is mowed, so there will be more room for parking and pilots.

ROGUE EAGLES WINTER BUILD CHALLENGE

The main goal of the Winter Build Challenge is to stimulate and encourage traditional model building within the club. It will also be a good platform for sharing modeling techniques and will hopefully provide some good content for our newsletter and facebook page.

The WBC is for experienced builders and beginners alike. It's important to know you will NOT be judged at any time on your building skills.

The end game for this event will be a maiden flight party, some time in the Spring of 2018 (probably April). All entries will be expected to make their maiden flight, one-at-a-time, on that day. If you are not comfortable flying your plane, you can have somebody else do the test flight. After all of the maiden flights are done, successful builders become eligible to win prizes or cool stuff yet to be determined, and the field will be opened for normal flying activities.

Here's the Challenge:

- *Must be a NEW build from a balsa kit or plans. No repair jobs of previously flown aircraft. No ARFs. No foamies.*
- *Previously started kits are okay, but they should have no covering and the framework must be less than 50% completed.*
- *Models must be radio-controlled, of any size or complexity, and powered with glow, gas, or electric.*
- *To enter, you must post at least one current photo showing the starting point of your project on our facebook page or in this newsletter. Remember, this is a social event - no secret projects allowed.*
- *To finish the challenge, your plane must be flown at the maiden flight party. The plane must take off, make at least one lap, and land.*
- *The Challenge is open to any AMA member.*

For now, let's consider these guidelines to be semi-fluid. There may be good reasons to make some tweaks down the line. It's not like this is a competition. The idea is to challenge yourself, learn a thing or two, and have fun.

If you are a relative newcomer to building, take some time to research your kit options and talk with a few experienced club members for ideas and advice. If you are an established builder, grab a kit out of your stash and start gluing!

Winter Build Challenge

COME JOIN US IN THIS GRASSROOTS MOVEMENT!!

Welcome to the 2nd Annual SFRCF Winter Build Challenge. The idea of the challenge is to encourage people to build model aircraft. You will not be judged on your building skills. That is not what the challenge is about. The point of this challenge is to encourage people to build, and to create a platform to help each other out with tips and techniques.

We will have a maiden flight fly-in on June 9th, 2018. The aircraft must take off, make at least one lap and land. If you are not comfortable flying your plane, you can have someone else fly it for you. At that time successful entrants names will be eligible for a prize, and receive a commemorative challenge coin.

Here are the build challenge rules! Remember to post your picture on our Facebook page.

1. Must be a new build from a balsa kit. No repairs jobs of previously flown aircraft.
2. No ARF's or Foamies.
3. Previously started kits ok, but must be less than 50% completed/not covered when picture is posted.
4. Can be any size or type of kit (lock/tab, die cut, scratch built)
5. Can be glow, gas or electric
6. Open to any AMA club member
7. Must be completed prior to AND flown at maiden party
8. All progress photos will be shared with the

Sanderson Field R/C Flyers Facebook Group
