

SANDERSON FIELD R.C. NEWS

CHARTER NO. 3079

Club meeting at Calvary Fellowship Church

Thursday November 9th

CLUB MEETING

Treasurers report was read. We made approximately \$4000 at Oysterfest.

Bill has volunteered to take over the scholarship program but need someone to help him.

Aaron has suggested that people who help at events and work for the club, like mowing, get something for their time. Maybe dues reduction or tickets for each hour of work with a raffle at the end of the year.

The PUD is open again however they have changed the rules so that you have to be a 501 3c to use it so next months meeting will be at the Calvary church at 50 E Island lake road.

The Warbird fly-in is

coming up on October 29th. Check the website for possible cancellation.

Bill will have the port a potty moved from Hunters and ask AAA what it would cost to remove the old one from Sanderson. We are willing to spend \$100-\$150 to make that happen.

Our FRIA for Sanderson was denied and has been resubmitted and the FRIA application for Hunters has been submitted. No word on that yet because of the hazardous material issue.

Meeting adjourned at 7:41

FRIA NEWS

I've gotten an email from the FAA, actually I was CC'd, the email was sent to Ashton at the AMA. Ashton is the person who submits the FRIA applications. It wasn't a denial, it was a request for more information.

We should have had official officer nominations last month, if you want to nominate anyone, come to the meeting and let us know!

WARBIRD EVENT

We had a great turnout for the Warbird Fly In and bragging right competition.

The bottom picture shows some of the guys setting up for the carrier event. There are strings with discs attached to hold the string up off the runway. They use chain to tension the string and also slow the plane down. Paul Fleming can 3d print carrier hooks if that's something you are interested in.

Some of the other events were:

Carrier landing, catch the 3rd wire for the best score

Precision landing which is like the carrier landing with out the hook.

Combat with 30' long streamers.

Formation flying.

Bomb drop, there is a target on the runway (which no one hit).

As you can see from the pictures it was a beautiful day, It was a little chilly in the morning (29° at my house when I left) but it was around 50° by lunch time.

Lunch was a hamburger, some chips and a soda. Thanks to Jack for cooking.

We wrapped up about 3:00.

We couldn't have asked for a better day!

REMOTE ID/FRIA STATUS

As of this writing our FRIA application for Hunters has been submitted and I haven't heard anything. I'd like to remind everyone our lease agreement with the Port requires us to follow all state and federal laws. Remote ID enforcement has been put on hold until March 16th 2024

Spektrum has a FAA approved module available for pre order under \$100. Right now a pre order is \$30 off. The

The Flitetest website has one for \$99.99 and is currently sold out. (search "flitetest" and go to the store). It also has a "find my plane" feature.

Product Details
