The Mount Rainier Radio Control Society (MRRCS) was founded in 1964 and is chartered by the Academy of Model Aeronautics (AMA) as club number 648. The flying site is owned by the club and is located at 1516 Harts Lake Loop Road, about 20 miles south of Tacoma, Washington. Call for exact directions

The site boasts a 300 feet by 40 feet asphalt runway with ample grass overruns, an asphalt set up area with tables, an enclosed shelter with wood stove, sanitary facilities, picnic tables, and a large area for tent camping or recreational vehicles. Electricity, water, and telephone (360-458-4963) are on site.
