CHARTER NO. 3079

## Zoom meeting in March

### CLUB MEETING

*The PUD has closed the meeting room access until further notice due to COVID-19*

Treasurer report was read and accepted as read.

Scale opener in Othello Wa May 14th 15th 16th

One of the days we have booked in July will be a general scale fly-in. It was suggested we have a tailgate swap meet at the same time. It was also requested we have a swap meet during Winter build and maybe the next day also.

The day after winterbuild challenge is going to be an Electric Ducted Fan scale meet.

Maybe have a lucky hand fun fly on the second day in July we have booked.

Tom will get in touch with Paul Fleming to pick a date for a Dawn patrol.

We discussed Mike Jones

request for help with his DH-89a.

3D flying over the runway is banned also masks on the flight line are banned.

Tom would like to do a warbird fly in for veterans fund raiser if we can get the port to donate a day or two... Dave says the port will not donate the day(s) and even wanted to charge to use the runway for vaccinations.

Meeting adjourned 7:35

The first car event of the year on the runway has been scheduled for March 27th & 28th.

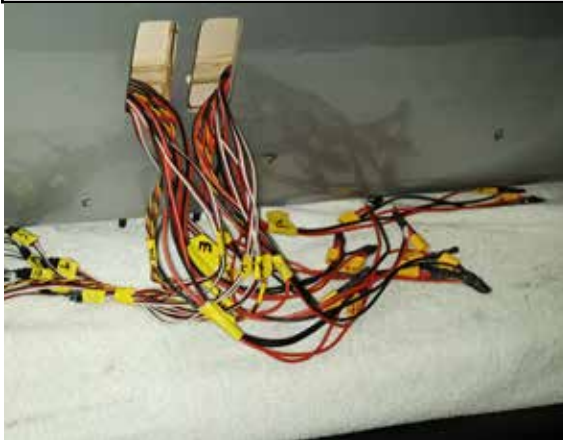

Bob Bailey has been working on a Maxford Dornier Do X, This thing is pretty big with a 95" wingspan and a flying weight of about 25lbs. It has 12 motors, 6 pullers and 6 pushers. It's a flying boat that can have wheels if so desired.

He sent some pictures so you finally get to see something that hasn't come out of my shop!

## IN THE SHOP

And I thought the wiring was bad for the twin electric DC3

---
