

SANDERSON FIELD R.C. NEWS

CHARTER NO. 3079

Club fly-in at Hunters May 11th???

CLUB MEETING

*This months club meeting will be held
on Thursday May 9th. at*

PUD #3

**2621 E John's Prairie Rd
Shelton, WA**

Welcome to 2 new
members Teddy
Hogeweide and Tim
Stebbins.

Treasure's report was read
and accepted as read.

Safety - Don't drive down
the middle of the runway,
drive down the edge of the
runway or in the grass. If
you crash don't go after it
if someone is flying. Wait
until everyone has landed.
It's a good idea to have a
checklist. Fly from the pilot
box.

Wenatchee swap meet
- Very good swap meet,
quality stuff and great
prices.

Spring opener at Hunters is
this Sunday April 14th. We
are mowing Friday.

Field Maintenance -
Sunday April 28th. Please
come help fix the cracks!

Winter Build challenge -
June 1st - We need helpers!

Jets over Sanderson and
general fly in June 2nd.

June 22nd Float fly at lake
Isabelle.

Bob Treinen will have the
canopy box done by June
1st.

Club Shirts - Light color,
logo on the back. 6 people
expressed interest.

Bob Treinen will pick up
the new hats tomorrow.

Olympic flight museum RC
show - 15th and 16th. We
need help, let me know if
you can help that weekend.

Meeting adjourned at 7:30

We had 4 people show
up for the Hunter farms
spring opener. It was cold
and a little breezy to start
which only got worse as
the morning progressed.
Bill and I flew before it got
too bad and we all left by
10:00am.

We really need helpers
for our events this year.
Specifically the winter
build challenge and the
flight museum air show.
Please let me know if you
can help.

We have gotten a new
supply of hats, new
members are supposed
to get one with their
membership. If you haven't
gotten one please let me
know, I will have them at
the next meeting.

It's only 1 month til the
Winter build challenge, you
don't want to be rushing
your build so GET BUSY!

GREG YATES WINTER BUILD

Greg is building a Republic F105 Thunderchief. This is an electric ducted fan. The specs are:

1/8th scale
Length-96"
WS- 54"
Targeted AUW - 20#
Jetfan 120 pro with HET 800-73-590
Lipo 12s

Scaled 3 view
"Box foam" construction
Will be glassed with 2 ounce cloth and Zpoxy
4 piece hot wired wings, Root NACA 0012, mid wing to tip RG14 with 3 degree washout.

WINTER BUILDS

I've only got one picture of winter builds so I'll put a couple of mine in here with it.

Jack and I trying to figure out the lights

Dave Windom's F-86
