## Scale Fly-In July 19th

CHARTER NO. 3079

### CLUB MEETING

*This months meeting will be held  
on Thursday July 10th at 7:00 p.m.*

*at the Field*

*Weather permitting!*

Treasurers Report was read and accepted as read.

Minutes were read and accepted as read.

Jody talked about the board meeting.

He asked that \$20 checks be written to Bob Andrew and Gordie Osberg to help offset the cost of mowing. He also thanked everyone who worked on the parade float. **In the small float category we got 2nd place.**

We got a positive response from more than 51% of the members on the question of Hunter Farms secondary field. At the board meeting Chuck Kentfield recommended we use the \$1257 CD that was put aside for a secondary field to fund Hunter Farms. Bob Andrew motioned we do that. Motion seconded and passed.

Jody talked about getting 4 or 5

people to commit to mowing on a regular basis for a 25% reduction in dues. Dick Robb made a motion to start a list. Motion seconded and passed. A list was passed around for mowers and helpers and I'll put the information in the newsletter. The secretary has the list. Jody will talk to Paul Hunter about getting things going and the secretary will get the AMA paperwork started. Bob Treinen suggested we have another lock keyed the same as our current lock. Jody will ask about a combination lock for

the Hunter farms site.

We need to be looking into a porta-potty for the Hunter site. John Tupper will check.

Stacy Myers talked about someone he knows who served food at the motocross who made \$1600 serving concessions. Done right we could make enough to pay for the secondary field next year or at least a good share of it. Please consider helping out at the Pylon race in September (the 6th and 7th). Either

on the course or helping with the food.

Dick Robb noted that the Olympia Air show is the June 14th and 15th.

The condition of the road going in to Hunters was discussed and basically it will get fixed when it gets fixed or it won't.

Stacy Myers showed his new RTF ParkZone electric T-28 \$220 complete with transmitter.

Eric Oberg thanked Jody and Sharon for feeding us at the Hunter open house and wondered when we can start flying there. The gate won't be locked until the field is hayed so we can start any time.

Jody asked about interest in a work party for June 22nd. A work party was scheduled. Eric Oberg offered to bring a roller.

I'll send out an e-mail letting everyone know.

Meeting Adjourned 7:45

I have received the insurance certificate from the AMA for Hunter Farms.

# Event Pictures

The May 10th Fly-In was pretty well attended even though the weather wasn't the best.

We also had a pretty good turn out at the Hunter farms work party and some good flying. It was very windy in town and almost calm out there.

Check out Gordie Osberg, soaring with an eagle at Hunter Farms.

Picture provided by Terri Oberg.

## TIPS

Have trouble with tipping over your CA bottles? Try gluing a piece of scrap balsa to the bottom of the bottle that's big enough to keep them from tipping.

Have one of those carburetors that have a wire sticking out? Need an extension? Try CAing an inner nyrod tube to the wire. The fluted exterior is easy to get a hold of, even with oil on it.

Have trouble getting those paper servo tubes in the wing? Try rolling the paper tightly around a small dowel, slide the dowel in and let the paper go. It will unroll and fill the holes. Tack it in with some CA or white glue.

Ever forget to take your crankcase vent plug out before flying? How about attaching a colorful streamer to it, that way you'll notice before you get very far that you've forgotten.

This is a copy of the e-mail I sent out on June 15th, I've gotten 0 responses. Check it out.

Hi all,

At the last meeting we voted to pursue the secondary field at Hunter farms and also to use the CD we've had in the bank for years to fund it. There will be no dues increase.

If the last month's experience is any indication we've also found out that when it's windy at the field it's pretty calm at Hunters.

We also voted to recruit 4 or 5 people to take on the mowing as a responsibility for a 25% reduction in dues. This is meant as a small

incentive and we know it will not cover the costs involved. We have 3 people signed up and are looking for 1 or 2 more. Contact me if you are interested. If we can get 4 people in would only mean once a month during the heavy growing season and as the weather heats up, even less.

We also voted to have a Fly-In/Work party on June 22nd to spread a little sand to smooth things out a little more.

If you haven't checked it out yet come and see. We think you'll like it.

Thanks

Bob Beatty  
SFRCF Secretary

We're also looking for commitment for the Sept. 6th and 7th pylon race both for course workers and possibly concessions.

We also had a pretty good turn out for the hole filling party/fly at Hunters

# BOB'S TOP TEN RULES OF MODEL AIRPLANE CRASHES...

- #10 - Batteries only last as long as the warranty on the radio.
- #9 - If it's gotta go in, make it one worth talking about.
- #8 - If it does turn out to be a crash that legends are written about, don't exaggerate on it's retelling - others will do that for you.
- #7 - Bask in your moment of glory while you can - some other damn fool will out-do your crash tomorrow.
- #6 - There is no such thing as "fool proof".
- #5 - Unbreakable props do, untearable fabric does and seamless tanks aren't...
- #4 - Any landing that the engine walks away from is a good one.
- #3 - Canopies do not make good landing gear.
- #2 - Trainer cords should not be used to lynch pilots who turn their radios on when someone else has the frequency.... that's what they make rope for.
- #1 - Never let them see you cry.... especially if there's women around.

---

**DUES ARE \$100.**

**PLEASE RETURN YOUR KEY IF YOU ARE  
NOT RENEWING**

**IF YOU PAY BY MAIL SEND YOUR DUES,  
PROOF OF 2008 AMA MEMBERSHIP  
AND A SELF ADDRESSED STAMPED EN-  
VELOPE TO THE TREASURER:**

**CHUCK KENTFIELD  
3122 Madrona Beach Rd  
Olympia WA 98502**

**Make checks payable to SFRCF**
