Dick Robb reported on the Olympia air show, SFRCF and TC-MAA were invited to show model airplanes for the weekend. Lots of people stopped by and asked about the models on display and Dick feels sure we will be asked back next year.

We rented a paint striper and got the lines painted, they have been moved out about 12 feet to allow more room between the cars/people and the flying area. The short field practice box has also been repainted.

Congrats Rob.

Bob Beatty asked if we could have something at Hunters for a sign in sheet to check usage. It was agreed to place a coffee can with pad and pencil there. Please sign in when you fly there.

Tom Strom asked about having a Thurs. night training night at Hunters. It was agreed it was a good idea. August 7th is the date.

We need course workers for the Pre champ pylon race this weekend. Racing should be done early in the afternoon and course workers get lunch provided. We need to test everything to be sure it works for the big race in September. Please come out and help.

SECOND ANNUAL FUN SCALE FLY-IN

Our second annual fun scale fly-in turned out great. We had a few changes this year, the lines for the pits and pilot area were moved out 12' and we also had pilot barriers for the 3 pilot stations. We also had a PA system this year.

Many thanks to Thom at RC Hobbies in Lacey for the generous donations. Attendance was down this year and the Sukhoi SU-29 bind and fly was used as a raffle prize and really helped make up some of the costs of putting the event on. I apologize for not catching the name of the raffle winner but did get a picture. John at Hobby Town also made some stuff available.

The weather couldn't have been much better (well it could have been 15° cooler) especially in the morning.

The ladies Auxillary did a great job with lunch and everything went off without a hitch.

I would like to thank Tom Strom (Sr. and Jr.) for the paint job and other help with this bird, Their work made this possible!!!

Thanks again.

FLOAT FLY

The second of three float flyers hosted by the The Lake Nahwatzel RC float flyers was held on Saturday the 26th and the weather couldn't have been better. I didn't attend this year as I had already made plans to attend the FHC skyfair at Paine field. Royce Tivel took some photos which I will share here.

FIRST ANNUAL FHC SKYFAIR

Bob Mason and I made the trip to Everett's Paine Field for the FHC Skyfair. What a show! If you like WWII air-planes this is a must see event!

All the planes pictured here were flown over a 3 hour period, Two and Three at a time. (not shown are a P-38 lightning and a P-51 -B) They also taxied right by the crowd for a close look.

The museum has lots of other planes and other stuff from WWII on display.

Considering the project I've just completed, I was happy to see this Hellcat.
