CHARTER NO. 3079

## Champ pylon race Sept 27-28

### CLUB MEETING

*This months meeting will be held on Thursday **September 11th.***

### **At PUD #3**

Minutes were read and accepted as read.

Treasurers report was read and accepted as read.

Our Scholarship winner, Nick Vernon, has been accepted to collage. The money has not been paid yet.

Dick Robb talked about the Scale fly-in. We didn't hear any negative feed back this year with the new rules in place. Attendance was down from last year, Maybe look a moving the date. After all was said and done we had a net loss of \$100.

The pre champ pylon race went well and everything worked. Even though there weren't many pilots racing the equipment got a good testing. We had a net loss of

\$50.

All club members are invited to the banquet on Sat. the 27th at the Civic center in downtown Shelton. it is \$30 a plate.

The Stroms are putting together a fuel order for 15% nitro. The fuel will be Rich's Brew which is basically the same mixture as PowerMaster, PowerMaster has added a purple dye that stains everything so they are moving away from it. If you are interested in ordering fuel, let Tom know by Sept 10th.

There have been some issues with what appears to have been RF interference that even affects 2.4 GHz radios at Sanderson Field.

The training night at Hunters went well. It was pretty windy but the wind was right down the runway and wasn't a problem like it can be at Sanderson field.

The question was raised about a fun fly in October. It was tabled until the next meeting.

Meeting adjourned at 7:30

Marc Winz showed his new Hobbyking 20cc gas trainer.

I will be out of town from Sept 2nd until Sept 24th. You can still contact me by cell phone and email and I'll help anyway I can.

**The Board meeting will still be held at my house on Sept 2nd.**

### **SouthSound RC Swapmeet**

We are at the 75-day count-down mark for the 2014 South Sound R/C Swap Meet. Those who pre-register at <http://www.rcsouthsound.com> will be the first to receive event details and to be offered the opportunity to purchase tables. We already have a number of persons who have pre-registered. I predict that tables will be sold out by the end of September, if not sooner.

Royce

## CLUB MEMBER PROJECT

Club member Royce Tivel is working on a Balsa USA laker sea plane, he has supplied some pics. Looking good Royce!

*I applied the first trim to the Laker. First, I lightly wet sanded the surface with 320 paper. Next, I used Frog Tape to mask the trim and then newspaper and blue tape to protect the rest of the fuselage. I applied the first thin coat of white and then, per the instructions on the can, applied a second coat after waiting a few minutes. Also, per the Frog Tape instructions, I immediately removed the tape. As the images show, this is not a perfect job but fits into my goal of a 30 foot finish: looks good at 30 feet. All in all, I am satisfied with the results. After all the trim is done, I plan to add a coat of clear to protect the finish and add some gloss.*

**DUES ARE \$75 IF PAID BEFORE JAN 1ST, \$100 THEREAFTER.**

**IF YOU PAY BY MAIL SEND YOUR DUES, PROOF OF 2014 AMA MEMBERSHIP AND A SELF ADDRESSED STAMPED ENVELOPE TO THE TREASURER:**

**DEE GROUT  
P.O. Box 516  
Union WA 98592**

**Make checks payable to SFRCF**
