

# SANDERSON FIELD R.C. NEWS

CHARTER NO. 3079

## CLUB MEETING

*This months meeting will be held  
on Thursday **Oct 10th.***

*at PUD #3*

*2621 E Johns Prairie  
Road Shelton, WA*

Minutes were read and accepted as read.

Treasurers report was read and accepted as read.

The 3rd annual "Lucky Hand" fun fly will be held October 12th.

There will be 2 classes of contestants. Beginners and everyone else. Prizes for each class.

The Pylon race was pretty well attended and Props broke even. Everyone from out of town enjoyed the venue and hope to return next year. There are still 3 radio's missing so if you were a course worker and forgot to turn your radio in please do so.

Our certification day went pretty

well and we got 6 more people certified. We still have about 6 more people who are capable but haven't been certified. That leaves around 10 who are still in training.

Dick Robb mentioned that someone in Tacoma is making a rig to help handicapped fishermen and financing it with art made from broken and scrap RC motors. Thom Martin at RC hobbies in Lacey has a donation box.

Dick Robb reported on his meeting with the lady at the Olympic Flight museum on the proposed multi-club swap meet. The venue sounds promising and financially feasible. Costs would be about \$500. There are 2 dates available in November, the 9th and the 16th. A vote was taken and the 9th was chosen. Dave Fisher motioned to continue the process. Seconded and passed with 2 no's.

Next month's meeting will be back in the PUD as it's getting dark and cold at the field that late.

Meeting adjourned 7:30

Any one interested in attending the swap meet at the Olympic Flight museum can get info at

[rcsouthsound.com](http://rcsouthsound.com)

If you need more information contact Dick Robb or Thom Martin.

The Marymoor club is sponsoring their annual RC Flying Model Exhibit at the Museum of Flight in Seattle. If you bring a model to exhibit you get a free pass to the museum for the day. See the flyer on pg 2.

Just in case you haven't already guessed, training night will be spotty till next summer. If it looks good we will probably be there. If you are wondering give me a call.

# RC FLYING MODEL EXHIBIT

Brought to you by the  
Marymoor R/C Club

## TIPS AND TRICKS

I accidentally left my transmitter on and found the battery dead. When I attempted to charge it, I got an error message that the voltage was too low: two of the cells were, in fact, below 2 volts. After searching the Web for a solution, I ended up removing the balance connector from my charger and charging the LIPO as a NIMH for about 10 minutes at .8A. I was then able to charge the LIPO normally.

by Royce Tivel
