CHARTER NO. 3079

## Officer Nominations this month!

### CLUB MEETING

*This months club meeting will be held  
on Thursday October 10th. at*

#### ***Transit Station***

***601 W. Franklin  
St. Shelton, WA***

Jody mentioned the Ridge as a possible location for the Christmas party.

There was discussion on the possible acquisition of a scanner for listening to full scale operations during events. Jody has programmable scanner we could try before buying one. Aaron knows the airport frequency.

The runway paving may not be done until spring due to weather.

Safety - Another house burned down due to charging Lipo batteries unattended. Don't charge unattended! You should always check fasteners on your plane after a flight or two, especially gas but all planes vibrate and fastener can come

## This month's meeting is at the Transit Station across from Safeway

loose. Never start your alone without it being in a stand or restrained by some method.

Treasurers report was read and accepted as read.

Swap meet is on track and tables are going fast. Dick will check on cleaning equipment.

OysterFest is coming up fast. The annual meeting for Oysterfest was held Tuesday and there were 3 changes from last year, Setup will start at noon on Friday the 4th of October, Our display booth is going to cost \$100 this year ( it was free previously ) and fire extinguishers need to certified. According to the fire marshal we can buy a new one and tape the receipt to it and be covered. The cost of getting our fire extinguishers certified is almost as much as a new one so we will buy a new one. Crab is \$25

a pound and we will start with 80lbs. A schedule will be posted once we see how many people volunteer.

The meeting room at the PUD will not be available next month and the meeting will be at the transit station across from Safeway next month. Times are 6:30-8:30.

Todd Pepin is heading up the display booth, if you wish to display a plane coordinate through him.

We are looking for dry storage for the mower and trailer. Mark Pentony could store mower (not the trailer)

Officer nominations at the next meeting. It's time to start thinking of your winter build project.

Meeting adjourned 7:26

## MY WINTER BUILD

Top Flite Stinson Reliant with Fiberglass specialty parts

I wasn't planning on another scale airplane for winter build next year but this one was given to me by a friend who had it given to him and I couldn't resist the challenge.

The Giant scale Stinson Reliant came with all the Fiberglass specialty parts, a cockpit kit and a dummy radial. It has a 100" wingspan and will require a 35CC gas motor. It will probably weigh 20-25lbs. The kit is missing the landing gear, which might be a little bit of a challenge since the kit is no longer available.

When I opened the box I found a whole bunch of wood and not many die cut sheets, you even have to build the formers for the fuselage.

Should be fun!

# WINTER BUILD

**If you would like your winter build project in the newsletter, send me some pictures!**

**DUES ARE \$75 IF PAID BEFORE JAN 1ST, \$100 THEREAFTER.**

**IF YOU PAY BY MAIL SEND YOUR DUES, PROOF OF 2019 AMA MEMBERSHIP AND A SELF ADDRESSED STAMPED ENVELOPE TO THE TREASURER:**

**MARK PENTONY  
180 E VUECREST DR.  
Shelton WA 98584**
