CHARTER NO. 3079

Club meeting at the Church??

Thursday October 13th

CLUB MEETING

The PUD has closed the meeting room access until further notice due to COVID-19

Minutes from last months meeting:

The club netted \$1360 from the donation from Peter Dixon

The Dawn Patrol netted \$40 and lunch cost \$21

We still need more volunteers for oysterfest Please let me know if you can help out!

we need to move the cooker and refrigerator Thursday morning, the food prep is Thursday from 12:00 to 4:00. The rest of set up will be Friday, starting at noon.

I've found a source for hats quote was for \$15 a hat, Rob Koenig will check a local source.

A swap meet in November at the Olympia air museum was discussed. Tom is checking with the museum,

Remote ID was discussed. The date for registering for a FRIA is September 16th. A FRIA is a FAA-Recognized Identification Area. According to the AMA they will likely apply for all their clubs but ask that they wait a few days after the 16th for them to digest the information. Every one has until September 2023 to comply with the Rule. It sounds like everything that is sold "ready to fly" out of the box will be required to have remote ID built in, so most likely ARF's and foamies that require assembly will not be required to remote ID built in. We'll see how it all shakes out soon.

Nominations for club officers will begin October 1st and elections will be held in November.

Mike Jones is still looking for someone to help him finish his dragon Rapide. He is also holding a celebration of life for his wife Laura on October 30th at his house.

Meeting adjourned at 7:25

OysterFest

Due to insurance issues with the transit station and multiple COVID exposures and infections we had to cancel our participation in Oysterfest this year. Hopefully next year will be better.

Officer nominations

Nominations open October 1st and run through October. Elections are in November.

FRIA Status

There is still no word on FRIA registration from the AMA. We have until September 2023 to comply.

NEWS

The good news (seeing as how we can't fly at Sanderson until October 7th) is that Hunters is looking really good. The weather is looking to be really good next week also.

After the weekend of Oct 8-9, the calendar is open on the weekends again. The burn ban has been lifted so turbine flying ok.

I have contacted the PUD for information on the meeting room where we normally hold our meetings, they still have no date for when it will be available. The church has been getting busy and at this point I don't know if we will be able to use it this month. I'll keep you posted.

Oysterfest

We hadn't purchased the crab or English muffins for Oysterfest, Lois Strom had purchased the cheese, celery and mayonnaise. She was able to return the non-perishables such as plates, napkins and such. Lois has already sold some of the **perishables** but still has:

- 5 - 5lb bags of cheese \$15.09 per bag
- 2 bags of celery \$2.19 a bag
- 2 1 gallon containers of Mayonnaise \$13.54 each

Let me know if you would like to purchase any of this stuff.

Royce Tivel is selling his Bruce Tharpe Flying King. He did a very nice job building it and converting it to electric. I've flown it a couple of times and it flies very nice. Contact Royce at
