## RC South Sound Swap meet Nov. 9th

### CLUB MEETING

*This months club meeting will be held  
on Thursday November 14th. at*

**PUD #3**

**2621 E Johns Prairie Rd**

The FAA is planning to limit all recreational aircraft to 400' with no exceptions. The AMA is asking all members to send a letter to your elected representatives in congress and ask them to contact the FAA on this issue. Go to [www.modelaircraft.org/higher-flight](http://www.modelaircraft.org/higher-flight) to contact your representative.

Treasurers report was read and accepted as read. Oysterfest went very well, we sold over 2,000 crabwicks. The weather Saturday was a little iffy in the morning but it didn't seem to bother many people and Sunday was nice. All in all it was very successful

Jody thanked every one who was involved with Oysterfest.

Nov 6th is the date for the Port Event meeting, Winter build hopefully May 30-31. August 14-15? and maybe the weekend July 11th or the weekend of July 18.

Nominations - All current officers are willing to continue and Aaron Cleveland and Paul Fleming were nominated

to alternate board positions. Tom Strom was nominated for president and after some confusion about the position withdrew his acceptance for that position. Jody was nominated for president and he refused the nomination as his schedule won't allow it.

Meeting adjourned at 7:34

# MY WINTER BUILD

## Top Flite Stinson Reliant

I've made a little progress on the Reliant since last month, this thing is HUGE.

In the picture to the right you can see the lighter patches on the floor where the cars park.

I'll be glad to put your pictures of your winter build in the newsletter if you send me the pictures!

This year's Christmas party will be held on December 12th at the Lake Limerick country club Great Hall. 790 E Saint Andrews Dr. Shelton, WA. This is the same place it has been for the last few years.

# OYSTERFEST

Oysterfest went very well this year, we sold crabwiches as fast as the cooker could put them out. We sold out Saturday and had to pick up another 40 lbs which sold out about 3:00 p.m. on Sunday. Many thanks to all the people who helped make this the best Oysterfest yet. Outside of a little problem with having the wrong plug in for the cooker it went off without a hitch! And thanks to Even Tozier, who ran down to his store and put together an adapter for us.

We had quite a lot of interest in the display booth (especially when it rained). The tables were full of planes and club members showed up to help man the booth. Thanks to Todd Pepin and Dick Robb who were both there all day both days.
