

SANDERSON FIELD R.C. NEWS

CHARTER NO. 3079

Christmas Party

Colonial House 222 E Pine St. Shelton

CLUB MEETING

This months meeting will be held on Thursday December 11th.

The Colonial House

Treasurer's report was read and accepted as read. Our certificate of deposit will roll over Dec 2nd if we don't do anything. Jack Mitchell motioned to let it. Motion seconded and carried.

Minutes were read and accepted as read.

Tom Sr. updated everyone on Jr. progress. The Surgery went well but after a week of so Jr. developed a blood clot in his right lung and had to be taken to the hospital. They put him in ICU and on blood thinners. Yesterday they put him in a regular room and hope to release him on the 14th.

The Christmas party hours are 6pm to 9pm at the Colonial house (same place as last

year) 222 E. Pine st. Downtown Shelton.

Indoor flying is going well, the next one is Nov 14th at the Shelton High School mini dome. The first three this year have been well attended. We now have a micro plane available for people to try to see if they would like indoor flying. If you haven't been and would like to try it, come on out. We'll get you in the air.

Steve Mendenhall has been grounded for a year for safety issues. He can still come to the field and be a spotter and attend other events should he choose to do so. What he can't do is fly at any of Sanderson Field RC flyers properties.

The foot print at Sanderson field is from fence to fence on the runway but we are supposed to pit (on either side) where the new lines are painted. To be clear, the flying area is from fence to fence but only pit within the area where the new lines are painted. That goes for

the morning side also. The lines are shorter on the morning side but you can go by the lines on the other side.

The question of flying on closed days if no one is there. Yes you can, but if the people who rented the field show up you have to leave. Always talk to them! Sometimes, they don't mind if we stay but if they do, LEAVE. No attitude!

Remember everyone is a safety officer. If you see unsafe behavior it is your responsibility to talk to that person. Be reasonable about it.

The swap meet went really well this year, there were more tables and all were full with a waiting list. Last year there were 350 people, this year there were 514. Both clubs made about \$1000 on the event. Royce Tivel has posted an article and pictures at:
<http://rcsouthsound.com>

Tom asked about contract negotiation with all the days we will be loosing because of the events being held on the runway. Consensus was try to

MINUTES (CONTINUED)

get some free days.

Dick Robb mentioned we should really try to do more club events at the grass field. We just need someone to step up and organize them.

We will do the fun scale event this year.

Tom asked if the club wanted to do the Scale master qualifier. Bob Andrew motioned to hold the event if we can work it out. Motion second and carried.

On Nov 29 there is a control line swap meet, free entry and free tables at Clover Park Hanger at Sun Field.

Meeting adjourned 7:58

Swap meet pictures by Royce Tivel
