

SANDERSON FIELD R.C. NEWS

CHARTER NO. 3079

Christmas Party at the Colonial house

CLUB MEETING

This months Christmas Party will be held on Thursday December 8th. at

***The Colonial House**
222 W Pine St,
Shelton, WA 98584*

Treasurers report was read and accepted as read

Swap meet showed a profit of \$552.03 with the raffle doing \$556.

Tom Strom motioned to have the women put together a \$50 basket for a door prize, Motion carried.

The Scale event has been scheduled for May 13th and 14th. The Port is going to start charging for camping at events so we will have to wait and see how for that shakes out.

The Dawn patrol has been scheduled for July 8th at Hunters.

We would also like to start sitting in on the Port board meetings to get a feel for how

they work so that at some point we might plead our case to them. The Port is pricing us out with all the fee's and maybe we can convince them of that. Tom Strom Jr. and Mike Jones will get together and go to a couple of board meeting and report at a club board meeting.

Get a reminder out about the Christmas party dinner menu.

Election results:

President - Jody Diaz
Vice President - Bob Treinen
Treasurer - Jack Mitchell
Secretary - Sharon Diaz
Safety officer - Tom Strom Jr.
First Board Alt - Chuck Kentfield
Second Board Alt - Dick Robb

A motion was made to accept the election results, motion carried.

Board meetings are open to all club members, meetings are the first Tuesday of the month at Roosters at 7:00 pm.

A motion was made to limit entries into to the year end drawing to 1, motion carried.

Thom Martin has donated a Balsa USA Bristol and Bruce Tharpe has a Venture 60 on the way for prizes in the winter build challenge. The date for the challenge is June 10th at Sanderson Field.

Jack Mitchell was drawn for the year end drawing. Chuck Kentfield was drawn for the year end drawing for the meeting I missed.

Jim Good and the Hoodspport Lions are hosting a Veterans appreciation dinner for no cost, it's at Hoodspport fire hall. Starts at noon and parking is limited so get there early.

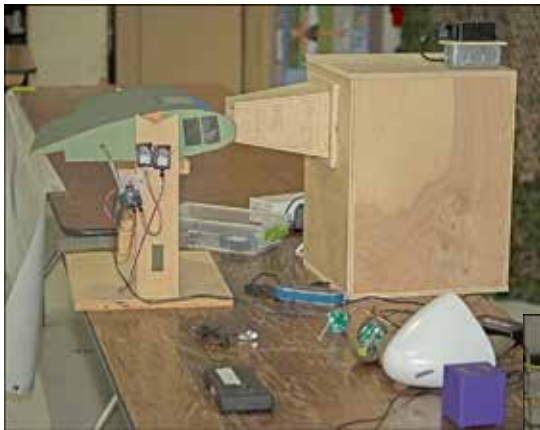

Meeting adjourned at 7:30

SOUTH SOUND RC SWAP MEET NOV. 5TH 2016

The South Sound RC swap meet went pretty well considering the lousy weather. We sold a few less tables but the raffle went well. We also sold more stuff that had been donated to the club.

We did have a couple of vendors one of which was demoing a true air speed indicator.

The airspeed indicator has a digital display or a voice that speaks the current speed.

All pictures are from the 2016 swap meet

MAUI RC MODELER'S FLYING FIELD

On my recent trip to Hawaii, the island of Maui specifically, I visited the local flying field. It's located behind the National Guard station at a Motor Sports park. I didn't manage to find anyone there but did get a few pictures of their field. The field is very nice but I don't envy them the wind there. Every time I went by it was blowing like crazy. It also appears they have a pretty small over fly as there are car tracks, motor cycle tracks and drag strips all around them.

2016 CHRISTMAS PARTY

The Christmas party approaches !

(December 8th at the Colonial House 222 W Pine St, Shelton, WA 98584)

Here are a few things to remember):

Have fun!

SANDERSON FIELD R/C FLYERS 2016/2017 WINTER BUILD CHALLENGE.

Sanderson Field R/C Flyers
2016/2017 Winter Build Chal-
lenge.

Welcome to the SFRCF Winter Build Challenge. The idea of the challenge is to encourage people to build model aircraft. You will not be judged on your building skills. That is not what the chal- lenge is about. The point of this challenge is to encourage people to build, and to create a platform to help each other out with tips and techniques.

We will have a maiden flight fly-in. The aircraft must take off, make at least one lap and land. If you are not com- fortable flying your plane, you can have someone else fly it for you.

At that time successful entrants names will be placed in a hat. A name will be drawn to win a kit, and a \$50 gift card to Kay Jewelers (more prizes have been added, and will continue to grow).

Here are the build challenge rules! Remember to post your picture in the Sanderson Field R/C Flyers google group.

Here are the rules:

1. Must be a new build

from a balsa kit. No repair jobs of previously flown air- craft.

2. Must post at least one pic of the build in the R/C Flyers Google Group, and must be a current picture.

3. No ARF's or Foam- ies.

4. Previously started kits ok, but must be less than 50% completed/not covered when picture is posted.

5. Can be any size or type of kit (lock/tab, die cut, scratch built)

6. Can be glow, gas or electric

7. Open to any AMA club member

8. Must be completed prior to AND flown at maiden party

9. All prog-
ress photos will be shared with the Sanderson Field R/C Flyers Facebook Group [https://www.facebook.com/ groups/1763589947213837/](https://www.facebook.com/groups/1763589947213837/)

We have been fortunate enough to have companies

support us with our events in the past. And once again, two great companies have stepped up to support this event. Huge thank you to Thom and Deanna Martin of <http://olympia.rc-hobbies.com/>, and Bruce Tharpe of <http://www.btemod- els.com/>. We appreciate you greatly.

Thom and Deanna Martin of Remote Control Hobbies Olympia offered to donate a kit. Thank you Thom and Deanna for your support. :)

Bruce Tharpe of Bruce Tharpe Engineering donated a Venture 60. Thank you Bruce for your support.

Special thanks to Gregg Marshall of the Portland Sky- Knights Radio Control Mod- eling Club for sharing your idea.

Happy building,

Jody Diaz
