DRONE PILOTS READ THIS

Attention #Drone Pilots – Read This - Exciting Updates to the Low Altitude Authorization and Notification Capability

The [Federal Aviation Administration \(FAA\)](#) today announced two important expansions of the [Low Altitude Authorization and Capability \(LAANC\)](#), which automates the application and approval process for drone pilots to obtain airspace authorizations in controlled airspace. The capability is now active

at Baltimore/Washington International Thurgood Marshall Airport, Dulles International Airport, William P. Hobby Airport in Houston and Newark Liberty International Airport. A [full list of airports covered by LAANC](#) is available on our website.

Seven additional companies have been approved by the FAA to [provide LAANC services](#). LAANC directly supports the safe integration of UAS into the nation's airspace, expedites the time it takes for drone pilots to receive authorizations to fly under 400 feet in controlled airspace. LAANC also provides pilots with an awareness of

where they can and cannot fly. The program is accessible to all pilots who operate under the [FAA's small drone rule](#) (Part 107) and was expanded in July to provide near real-time airspace authorizations to [recreational flyers](#).

LAANC provides [airspace authorizations](#) only. Pilots must still check NOTAMs and weather conditions before they fly.

This year's Christmas party will be held on December 12th at the Lake Limerick country club Great Hall. Time: from 6 to 8. 790 E Saint Andrews Dr. Shelton, WA. This is the same place it has been for the last few years. I will be maintaining a list of food so we don't duplicate too many things.

The way the gift exchange works: gift limit is \$10 do more if you like but no one is expected to spend more than \$10. Everyone grabs a gift off the respective table (men, hobby related, women, women stuff) you stand in a circle and a story is read with lots of rights and lefts. You pass the gifts around according to the story and when it's over, the gift you end up with is yours.

7TH ANNUAL RC SOUTH SOUND SWAP MEET

The 7th Annual RC South Sound RC swap meet is in the books! Other than a medical emergency and some parking issues it went very well. There were some really great deals and quality stuff. We sold around 85 tables and may be able to squeeze a few more in next year. The new venue worked out very well. The picture is from late in the day, there were many more people earlier.
