

JULY MEETING AT SANDERSON FIELD JULY 9TH

Scale Qualifier July 17-19

The race went well, turn out was a little lighter than we hoped for. Thanks to the club for buying the workers lunch both days. Kern's food truck has very good food.

Set up went pretty fast but the testing, not so much. All the equipment worked fine but the wind was a steady 18mph out of the west which contributed to a couple of crashes on the first test. We had great weather for the rest of the weekend and only 1 midair collision.

Dick Robb memorial

On June 22nd a group of club members gathered to say goodbye to Dick. Bill Slining used his B-17 to spread Dick's ashes. (see page 2) Jody and Sharon Diaz organized the gathering and cooked some hotdogs, thanks to everyone who attended.

Richard (Dick) Robb 1942-2025

Dick was a long time member of the Sanderson Field RC flyers and a founding member of the lake Nahwatzel float flyers, always willing to help be it setting up or training or helping with a problem with your model Dick was a wealth of knowledge and will be missed.
